

Satanism FYI

Satanism is a highly individualistic and spiritual religion which is of the Occult nature following the Dark Left-hand Path. Like other spiritual religions there are a great many diverse Paths to the philosophies of Satanism.

There are for example....many different directions in the belief of Satanism and Satan himself. Some of the diverse forms of Satanism are Traditional, Generational, Theistic, Spiritual, and even those Satanists that adhere only to their own philosophy of self-deification.

While there are Satanists that do not believe that Satan is a real entity, there are also a great many Satanists that do view Him as such. We in the Satanic Brotherhood Clergy are the later. While there are also many allusions to Satanism and Luciferianism being very similar, they both ascribe to a single and separate deity or entity. Although, they have for many years been used to describe the One same Dark Deity who dwells within the deepest recesses of the Darkness but is yet itself the Infinite Light. With this comprehension, this entity is then exalted by us as the great Satanas-Luciferi.

Before the public formation of the Church of Satan in San Francisco, Ca. by Dr. Anton LaVey there existed in both Europe and the U.S.A. secretive Satanism whose members did not advertise their membership. This form of Satanism still exists and even now is undergoing reorganization. Within Satanism there are in fact two distinct factions which have been emerging, those that believe that Satanism is only a individual religion that needs no one else but themselves and answers only to themselves and can in their minds not trust anyone and those that believe that we must remain individual Satanists that must and can learn to work together in Unity and Brotherhood and to understand and learn to earn the trust of one another. Because we are in reality the first secret society, we must pattern Satanism along the same lines. The true understanding of the Brotherhood is the realization of what this word means. A simple explanation is that Brotherhood is a concept comprising principles of Character and the right kind of human interaction between one another that makes for a solid foundation upon which the Brotherhood organization is built to last and to be able to stand the sands of time itself.

In the Past the Brotherhood has existed by many names and in many forms and is none the less Immortal. Also because of the need for secrecy from persecution true Satanists at that time did not like to use the name of Satan publicly nor openly and thus many Dark and Occult Secret Societies of Satanists were born cloaking themselves under many guises and names. The Brotherhood of Satan is one of these connected back to these by blood lineage and ancient covenant and oath.

We honor the Old Code of the Brotherhood between our Satanist Membership.

An introduction about the Brotherhood of Satan

The Brotherhood of Satan has existed from the earliest of times under many different names. Originally, we have been called the Brotherhood of Darkness & Shadows. We are the very first known Secret Society. The lineage of the Brotherhood in its present incarnation comes from a highly secretive Satanic movement that was called among the higher ups, the Black Brotherhood or more simply "The Brotherhood". We are the new Brotherhood generation that is backed by Generational Bloodline families that have long existed in the Shadows of the Underworld of Darkness. We have resurfaced from the Shadows seeking new blood and those with the right potential for Brotherhood Offline Leadership assignments. The Brotherhood of Satan is the reorganization project of the Brotherhood Illuminati Council and is the vehicle created by us to manifest this Satanic reality: "The total restoration of the throne of SATAN on Earth and the Unification of Satan's true family.

We owe allegiance to no one, nor do we seek acceptance from any other existing Satanist Organization or persons that claim to be Satanists. We believe in Satan as a very real entity and we are in the mainstream Generational, Traditional, and Theistic, by our very nature. Many of the past as well as our present hierarchy are also members of other known Secret Societies and we are in no way wanting to be public about our identities or our private and secretive activities. We demand respect from all others, ourselves, other Brotherhood members, and the Satanic Illuminati Council which oversees the activities of the Black Brotherhood as it always has since the beginning of time.

The Brotherhood of Satan is made up of those most dedicated to Satan and those that truly hold the Wisdom of Satan within their Souls. We are those that know how to keep Secrets entrusted to us. We are also those who know to use the concepts and ideals and the principles of Brotherhood between one another. If a Brotherhood of Satan member ever disagrees with a statement made by another Brotherhood member, it should always be with respect and with mutual understanding to accept that everyone has the "Satanic Given Right" to express themselves. This mutual understanding and respect is what shall bind us eternally as "The Brotherhood" formed in Wisdom and in Strength.

Knowledge used with Wisdom is our Way, this is the Way of the Brotherhood and it is the Way to Power! We have been throughout our history presented secretly by the Film and Entertainment Industries by Brotherhood members.

In the Music Industry we have been represented by many renown bands.

The Brotherhood of Satan understands fully that all of the Esoteric and Occult Mysteries are under the direct rule of Satan no matter which way that are presented for public relations. Real Satanists operate quietly and secretly and we do not have need or desire to tell the whole world who we are. We get more done by remaining in the Shadows of Darkness and Secrecy and operating behind the scenes.

We are quite simply, Hell on Earth.

The Brotherhood of Satan Organizational Structure

The Brotherhood of Satan as an organization has a commitment to its membership to provide activities for its members to attend. This is called being an active member of an Organization that is itself active.

To insure this for the Brotherhood membership we are going to sponsor 4 major events a year for celebration of the Black Sabbath at the times of the Black Sabbats. Also we hold monthly Full Moon Satanic Rituals and meetings.

We will be setting up **State Representatives** of the Brotherhood of Satan in as many states as we can. *These reps are required to at least hold (in good standing) the rank of Priestess or Priest of Satan.* They are *chartered* by the National Office upon their request to form a **Templum** or **Magistry** of the Brotherhood of Satan. This is the term we give to **Cells of the Brotherhood**.

The term of **National Office, East Coast Office, or West Coast Office** designates that these members are the **High Clergy of Satan** and members of the **Satanic Illuminati Council**.

The **Priestesshood or Priesthood of Satan** constitutes the title and degree of *Adeptus Exemptus*.

The **High Priestess-hood and High Priesthood of Satan** constitutes the title and degree of *Magister Templi*.

The **Arch-High Priestesshood and Arch-High Priest-hood of Satan** constitutes the title and degree of *Magister Magnus*.

The **Prospective members** are given the title and degree of *Probationer*.

Those that pass through their probationary period then become **Full Brotherhood of Satan members** and are given the title and degrees of *Disciple (or Members at Large)* and *Initiate (or Blood Dedicated Satanist)*.

We hope that this gives the Brotherhood membership a basic idea of how we would like to operate as a structured but still easy going organization dedicated to the individuality of the Brotherhood membership. A better way we would describe ourselves would be: A very highly organized but laid back organization that is dedicated first and foremost to the Master Satan and then to ourselves and the Brotherhood.

The Brotherhood of Satan **will** be at the forefront of Satanic Networking.
