

The Brotherhood of Satan, Traditional Satanism

We often hear and read about the different perspectives of Satanism. The Brotherhood prides itself as being a TRADITIONAL Satanic organization. The Brotherhood, backed by Generational Satanism (the most traditional of all stating the following of Satanic Tradition) is a rare breed of Satanism because we are in reality the most Traditional of all of them. What I mean by this is what I will now add to that sentence. Saying you are a Traditional form of Satanism does not make you really a Traditional Satanist or Satanic organization. To REALLY be a Traditional Satanist means that you are really practicing Satanic traditional customs and landmarks and using them on a daily basis. Being a true Traditional Satanist means that you understand exactly WHAT Traditional Satanism is and actually does as well as what the traditional Satanist believes. For instance, Satanic secrecy (which the Brotherhood understands very well) is a most traditional usage of real Traditional (as well as Generational) Satanism and ALWAYS HAS BEEN SO. Celebrating and attending the 4 Black Sabbaths or Sabbats of the Brotherhood is also a Traditional action directly related to actually practicing Traditional Satanism on an organized level. The act of Satanic Dedication known as the COVENANT of Satan is also one of the earliest of traditional Satanic customs and the signing of the Covenant in your own blood. These are some of the things that make up what is REALLY Traditional Satanism being practiced by us as a Traditional Satanist Organization as well as being individual traditional Satanists. We are by far the OLDEST (yes, the Brotherhood is the very root of tradition) of all true Satanism existing in the United States and Europe. We honor our Dark Ancestors, those Brotherhood members that have in our past, lived and died for their very believing in Satan and their Brotherhood family and organization. This is again, another direct traditional custom which we regularly observe. The forming of smaller Covens and units of the Dark Brotherhood is another traditional custom that we live by as well. Throughout history there were always Brotherhood Satanic Covens in existence. Believing that Satan truly exists as a diety and in the Demons under Satans rulership is also a Traditional Satanism custom and belief which we honor. Teaching our Satanic and Dark Arts knowledge and our sharing this with one another with respect is a tradition which we adhere to with great willingness, and again, this is the use of tradition amongst one another. Learning a true disciplined form of Satanic Ritual Magick with the proper timing and working this in accordance with nature....again is using Satanic tradition and therefore is certainly Traditional Satanism being both

lived and practiced. The teaching of Satanism and other Dark Arts during our actual Rituals and handing down Brotherhood Satanic lore by the use of oral transmission, is again one of the most traditional forms or usages of teaching Satanism the old way or old school as I sometimes call it. What I am getting at here is this....while many want to say that they are Traditional Satanists, you will not see anything TRADITIONAL from them. Learn to realize that if they use the term TRADITIONAL SATANISM to describe themselves then all of the above would be direct usage and what they are really manifesting. I can honestly say that the Brotherhood of Satan can and does have, not only the right but the true heirship to say, and PROUDLY, that we are true TRADITIONAL SATANISTS holding true lineage through our usages and customs that have been handed down to us in true TRADITIONAL form. THIS is what REAL Traditional Satanism IS....the true practice and living of Brotherhood Satanism and honoring the 13 Laws of the Brotherhood of Satan. (again following Satanic Tradition with ethics and a code of conduct). The proof is in the pudding, there are many posers out there both online and offline but you will NEVER find the Brotherhood among them. By our very actions and deeds, WE ARE TRUE TRADITIONAL SATANISTS and therefore deeply HONORED by the Master by our doing things as they have ALWAYS been done by Satanic tradition...

Hail Satan always!
