### **What is Satanic Philosophy? What does it really state or teach us?**

I would like to go into this subject for everyone that has these same questions. **Satan is first and foremost our GOD.** Satan is the GOD of LIBERATION or better stated, Liberated Thought. Liberated thought means thinking for YOURSELF. You must first always think about yourself and your own individual and personal well-being. Do NOT get caught up in the thinking of others instead of what you find to be the truth for your own self. Do NOT let someone else control your mind. Control your own mind by well thought out consideration and thinking. Find out the TRUTH for yourself. What may be TRUTH to another may NOT always be TRUTH for you. We are ALL individuals and KNOWING this is being a wise Satanist that honors your own well-being. No one can live your life but you, so always live for yourself instead of seeking the acceptance of any other person. Please yourself as this is true Satanic Philosophy to do so. Do not worry about doing something to please others unless it pleases YOU first to do so.

Satan is the true GOD of LIBERATION as I stated above. As a SATANIST you acknowledge that YOU have risen above the herd of humanity as a FREETHINKER whom excels only due to what you yourself works hard at attaining in your life. Satan as the God of Liberation seeks to share with you true Satanic Philosophy.....this true Satanic Philosophy is what will make you what I call a WHOLE person or human-being that rises up from the restrictions of falsehood to become yourself GOD-LIKE. A Satanist is a GOD among humans because we realize that the true SUPREME BEING is we ourselves BEING SUPREME. Honor your own best interest first and fore-most. If you so choose to help another, or to hold them as important in your life, only do so because YOU have decided to do so without any reservation or influence from them.

Satanic Philosophy is the very root of self-achievement and self-mastery. Satanic Philosophy teaches that you yourself are what makes your life something to be either proud of or not proud of. Do not blame your own shortcomings on any other as it is you, that as a individual Satanist, must always accept responsibility for your own actions or inaction. I often make the statement that in order for others to see you as a Satanic Master you must have first mastered your own personal life. This is very true and it is the very foundation of Satanic thought. Satanic Philosophy also teaches that you must also BELIEVE in YOURSELF. If you do NOT really believe in yourself, then how dare ye call yourself a true Satanist! If you do NOT really believe in yourself, then how can you rationally feel that you have risen above the herd of humanity as a GOD upon earth? Satan teaches that we must each MASTER Life as an entity residing in a corporal body and no one else other than yourself can do this for you.

Satanic Philosophy also teaches that we are not to waste our time on the undeserving and those that will not endeavor to help themselves. This is only WEAKNESS. Do not depend on another, also be one that directs and controls your own sphere of existence. Satanic Philosophy teaches that the STRONG survive. Satan goes even further by adding that the Satanist not only survives but becomes the KING or

QUEEN of their own destiny. Satanic Philosophy teaches that we must each realize our own individual potential and after doing so, to bring this out of ourselves in fullest measure.

Satanic Philosophy states being true to yourself is being true to Satan. Satan teaches that you must believe in Satan and Satan will then believe in you. To really BELIEVE in Satan you must know and understand what Satan believes and teaches....in short, true Satanic Philosophy. Remember, first and foremost that Satan encourages you to always be a free-thinker and the Brotherhood of Satan would be remiss if we did not ourselves fully believe this to be true. Remember, always HAIL SATAN and always HAIL YOURSELF.....because as a true SATANIST this is one in the same. These are just a few more important tenets of Satanic Philosophy that we all must learn, understand, and then live. When we do so, we are LIVING TRUE SATANIC PHILOSOPHY and are then ourselves real Satanists.
